

# 2011 Hunting Access Guide

Valid only for the 2011 hunting season

Hunters Welcome

Region 7

NOTICE: Due to extensive flooding in 2011, many roads, including county roads and main travel routes, were damaged. Some roads may still be closed during hunting season. When planning a hunt, if unsure, we suggest contacting the appropriate land management agency or county office to determine road status in the area you plan to hunt. Contact information for counties can be found in the Montana Directory of Maps at <http://fwp.mt.gov/hunting/hunterAccess/toolkit.html> and land management agency contact information can be found elsewhere in this Hunting Access Guide.

**BLOCK**  
**MANAGEMENT**  
A Landowner/Hunter Partnership

Montana Fish,  
Wildlife & Parks

# ABOUT THE PROGRAM....

**BLOCK MANAGEMENT** provides managed public hunting free of charge on private and isolated public land enrolled through cooperative agreements between Fish, Wildlife, & Parks (FWP), private landowners, and public land management agencies.

- **Landowners do not forfeit any private property rights** by enrolling land, including the right to deny access for cause and the right to enforce ranch rules;
- Every Block Management Area (BMA) has **rules specific to that BMA**. It is the hunter's responsibility to know the rules for a BMA being hunted;
- **Hunters with special needs** are encouraged to contact the regional FWP office to determine if opportunities exist to meet specific needs;
- Hunters should **sign permission slips only for the actual days of hunting**. Signing for additional days costs program dollars that could be used to enroll other BMA properties;
- Hunters should **cancel reservations** if unable to hunt on the reserved day. Failure to cancel reservations may result in cancellation of future BMA privileges;
- **Hunter behavior** determines whether or not landowners participate in the program. Courteous, legal, and ethical behavior keeps gates open. Please report any violations.
- There are **two types of BMAs:**
  - **Type 1 BMA: area where hunters administer their own permission.** This includes BMAs that use sign-in boxes, and BMAs that do not require hunters to obtain permission. Typically, Type 1 BMAs do not limit hunter numbers or require reservations, although some parking areas have vehicle limits.
  - **Type II BMA: area where someone other than the hunter issues permission.** This includes BMAs where the landowner or an FWP staff member issues permission. Type II BMAs often require reservations and utilize pasture assignments, hunter number limits, and other hunter management systems.
- **BMA Maps:**
  - Each region has its own policy regarding distribution of maps. Some regions provide a specific number of maps per hunter per day, while other regions may only provide maps at the BMA site when the hunter receives permission. Please refer to the regional information in this guide to determine how a particular region handles map distribution.
  - For the 2011 hunting season, FWP will provide some BMA maps electronically on the FWP website at <http://fwp.mt.gov/hunting/hunterAccess/privateLand/blockman/>

## DATES TO REMEMBER

**AUGUST 15th** Landowner/Cooperator names and phone numbers are available. First day reservations are accepted.

**OCTOBER 8th** The Regional Block Management office is open the Saturday of general antelope opener to assist hunters.

## ABOUT REGION SEVEN'S HUNTING ACCESS PROGRAM

In 2011, there are approximately 305 Block Management Areas (BMAs) that provide access to over 2,765,000 acres of private, state, and federal lands. Similar to other FWP Regions, Region 7 (R7) has Type 1 and Type 2 BMAs, which give hunters flexibility in gaining permission. About one-third of Region 7 BMAs are Type 1 and two-thirds are Type 2. In general, Type 1 BMAs allow the hunters to administer their own permission, while Type 2 BMAs require obtaining permission from the landowner or a representative. Regardless of permission type, please keep in mind that BMAs are comprised wholly or partially of private lands. As a hunter you have the privilege to access these lands and your behavior will play an important role in the future of Montana's hunting heritage. Good luck and be safe!

The Region 7 staff encourages hunters to share their experiences on specific BMAs. Please return comment cards to sign-in boxes and/or mail in the self-addressed, postage paid comment cards. These comments are used to improve the program as well as to show your appreciation to cooperating landowners. Pictures from your hunt are also an effective way to share your experience and can be emailed to fwpr7bmp@mt.gov. Along with comment cards, the pictures will be shared with the landowners to express your gratitude.

## **HOW TO USE THIS GUIDE FOR HUNTING IN REGION SEVEN**

Included in this Guide is a regional map depicting the general location, identification number, and permission type for each BMA. There is also an associated chart that is organized by county and arranged in order by the BMA number. This chart gives general information for each BMA. The information in this chart will help locate the hunting opportunities you wish to pursue. **It is important to recognize each BMA cooperator utilizes their own management style; this may include limits on daily hunter numbers, vehicular travel restrictions, pasture assignments, temporary closures, etc...** The following outlines the procedure to request additional information for individual BMAs:

1. Refer to the map and chart to identify individual BMAs you are interested in hunting.
2. If you select a Type 1 BMA... Rules/maps can be obtained onsite at the hunter sign-in boxes or in person at the Regional office in Miles City.
3. If you have selected a Type 2 BMA... Using the BMA number, request landowner contact information from the Fish, Wildlife & Parks Region 7 headquarters in Miles City. Individual landowner contact information may be obtained in person at 352 I-94 Business Loop, by e-mailing fwpr7bmp@mt.gov or by calling (406) 234-0930.
4. If you need more specific information about a BMA to assist in your planning efforts, a complete set of R7 BMA maps will be available for viewing at the Regional headquarters. Hunters are allowed to receive a maximum of **five maps per day**. Please help us reduce administrative costs by only requesting the maps of BMAs you intend to visit. Due to time and costs limitations, BMA maps will not be faxed or mailed.
5. Most individual BMA rules/maps will also be available for viewing/printing on the FWP website: [www.fwp.mt.gov](http://www.fwp.mt.gov).

## **HOW TO OBTAIN PERMISSION TO HUNT REGION 7 BMAS**

Again, Type 1 BMAs are hunter administered (see step 1 above). For Type 2 BMAs, landowner contact information will be given for 5 BMAs per phone inquiry. Contact information usually consists of the name and phone number of the person(s) with authority to grant permission. When you are contacting landowners to secure permission to hunt, please abide by the specified calling times for the cooperator. When call times are not specified, please call between **7:00am and 9:00pm** Mountain Time. Due to the volume of calls received, landowners are not required to and should not be expected to return phone calls. While obtaining permission to hunt BMAs within R7, please keep the following administrative rules/policies in mind:

- **Use only current year BMA rules/maps.** R7 produces new rules/maps each year to address rule, boundary, or permission method changes. Also, there is some turnover in BMAs from year to year, therefore a BMA from a previous year may no longer be enrolled.
- **Reservations may not be made before August 15th.** If a BMA takes reservations, a hunter may only have one reservation on that BMA at any one time. After the dates of the reservation pass, a hunter may make another reservation to hunt that BMA. Hunters may have reservations on more than one BMA as long as they are not for the same hunting dates. However, due to the high demand, **reservations will only be granted for one BMA at a time for the BMAs that are administered through the Region 7 office.** Reservations can be up to three days, but must be for consecutive days. Individuals from the same hunting party may not make reservations for consecutive three-day blocks in an attempt to book more than three days for their party. Hunters may hunt more than one BMA in a day, but are prohibited from making reservations to hunt on more than one limited-hunter BMA per day.
- **Cancellations.** If you make advance reservations on a BMA and are unable to hunt, please inform the landowner of this as soon as possible. In addition, inform the landowner if you are successful early in your hunt and won't be hunting for your full scheduled reservation. Failure to do so may result in the loss of hunting privileges on that BMA for the remainder of the hunting season. Please be courteous and give others an opportunity to hunt.

# **ADDITIONAL HUNTING OPPORTUNITIES IN SE MT**

Approximately 12% of the total land base in FWP Region 7 is enrolled in the Block Management Program, leaving a substantial amount of land and associated hunting opportunities for hunters to explore. As a result, hunters are encouraged to consider these alternative opportunities and not limit their hunting activities to only Block Management Areas.

## **PRIVATE LANDS NOT ENROLLED IN BLOCK MANAGEMENT**

Region 7 is comprised of primarily private land (76%). Although the region hosts the largest Block Management Program with 358 cooperating landowners enrolling approximately 2.1 million acres (11%) of the total 19.2 million acres of private land in Region 7, hunting access can often be obtained on non-Block Management private property throughout much of the region by respectfully asking for hunting permission. Always remember to “Ask First” before hunting on private land.

## **PUBLIC LANDS**

In Region 7, there are over 3.8 million acres of public ownership (BLM, State Lands, National Forest Service and National Wildlife Refuge). This assortment of public land constitutes a land base composition of 18 % federal land and 6% State of Montana Department of Natural Resources (DNRC) land. Public lands are accessible via public roads, adjacent public land and adjacent private land with landowner permission. Hunting activities on federal lands are subject to both state and federal regulations. **Some accessible tracts of Department of Natural Resource Land (State School Trust Land) are formally enrolled in the Block Management Program.** Formally enrolled State Land must be posted with contact information for the method of obtaining permission. Please contact regional FWP staff to verify accessibility and use rules for accessing public lands contained within BMA boundaries.

## **WILDLIFE INFORMATION**

Region 7 produces, on average, one-third of the state’s annual deer harvest as well as up to 45% of the state’s annual antelope harvest. The Region also supports adequate populations of upland birds and waterfowl to provide diverse hunting opportunities.

**Antelope** – Antelope are common throughout Southeastern MT (R7). Hunting Districts (HD) 701 and 705 are traditionally the more productive mule deer districts

**Elk** – Isolated populations of elk exist throughout Region 7. Typically most of the elk hunting opportunities are locate in the northern portion of HD 700 as well as the southern portion of HD704.

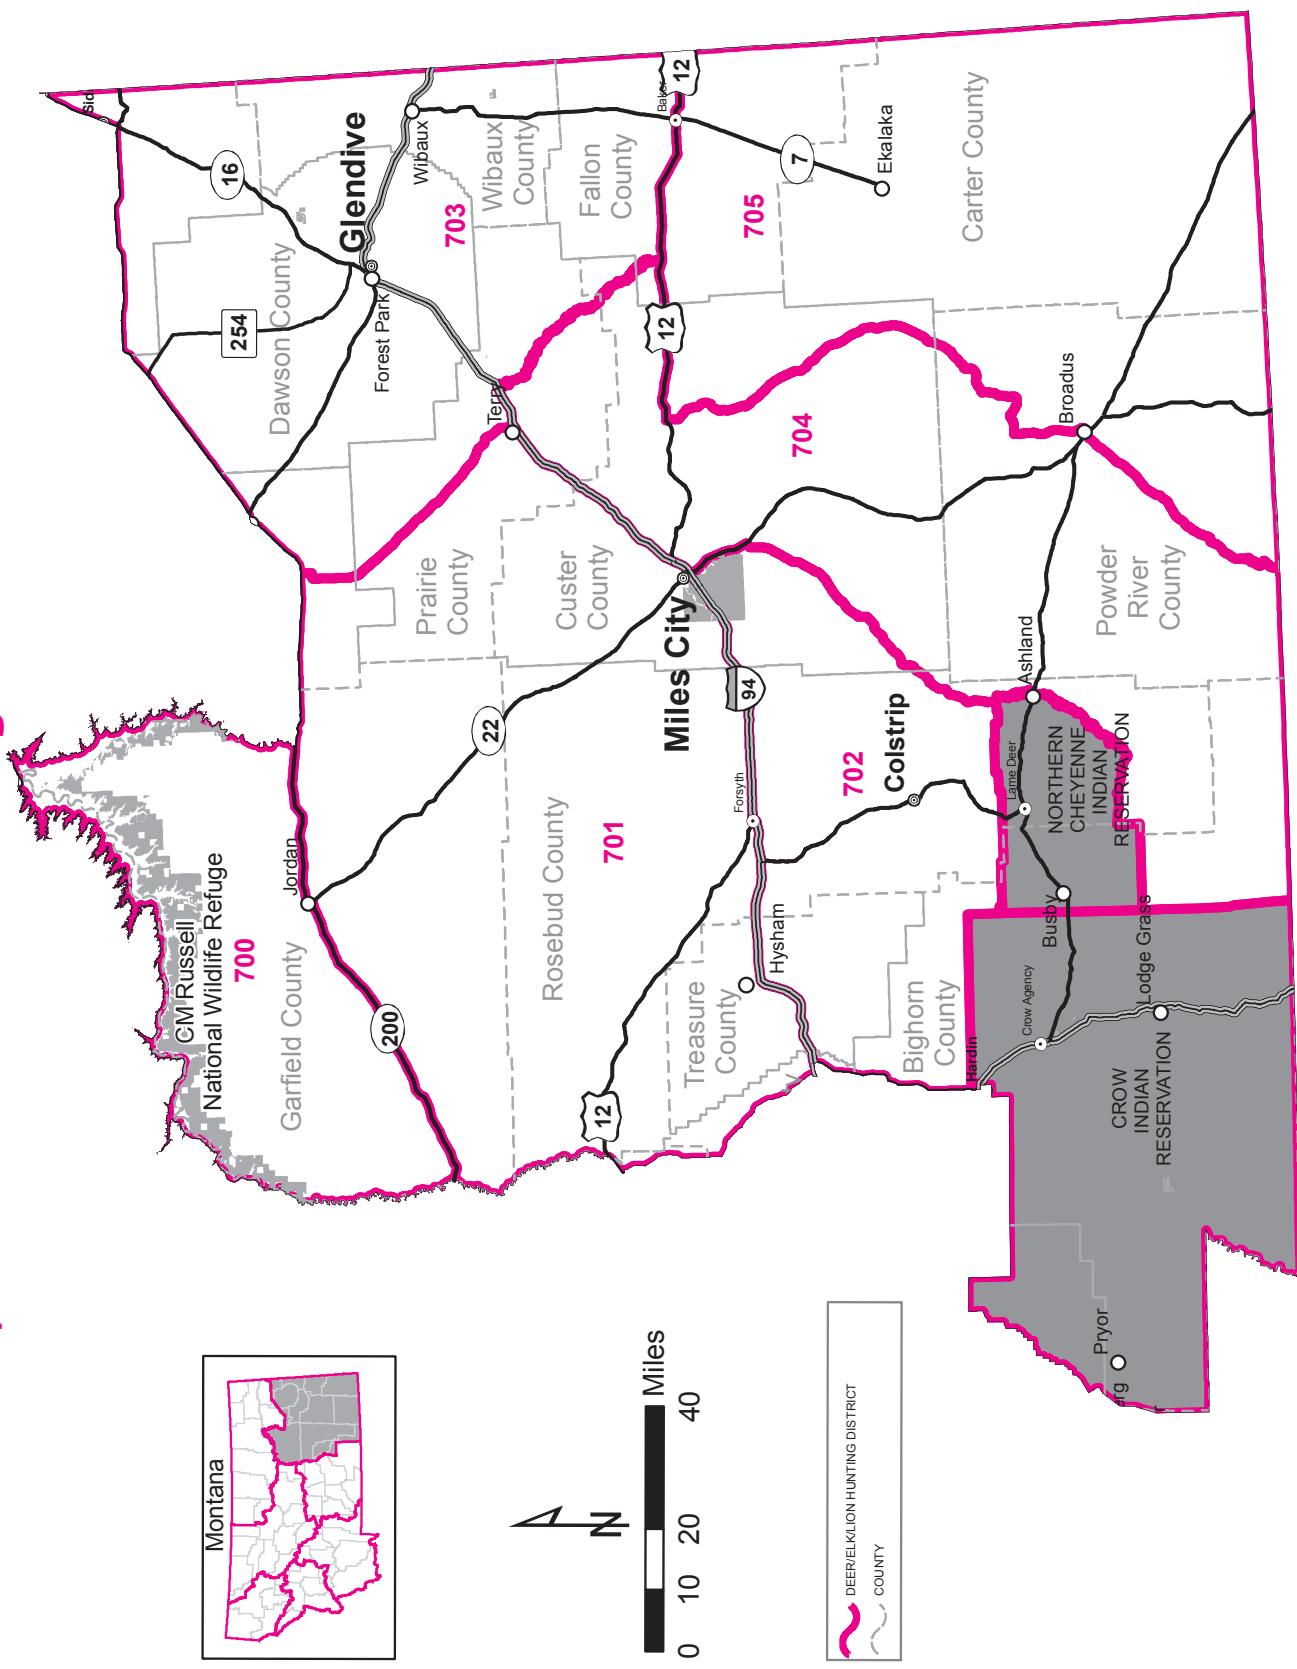

**Mule Deer** – Mule Deer are common throughout Southeastern MT (R7). HD 704 and 705 are traditionally the more productive mule deer districts.

**White-tailed Deer** – White-tailed deer can be found in conjunction with riparian and agricultural areas throughout Region 7. HD 701 and 703 offer the majority of white-tailed deer habitat.

**Upland Game Birds** - Six species of upland game birds occur in Southeastern Montana. Native birds include sharp-tailed grouse, sage grouse and the migratory mourning dove. Non-native species are the ring-necked pheasant, Hungarian (gray) partridge and Merriam’s turkey. Grouse species are well dispersed through the region. Pheasant numbers are generally stronger in the NE portion of the region but can be found concurrent to major riparian areas throughout the region.

**Waterfowl** - Several species of waterfowl can be found throughout the region in stock ponds and major river systems. Excellent late-season Canada goose hunting opportunities are present along the Yellowstone River Valley. The Yellowstone River, below the high-water mark is **closed to waterfowl hunting** from the mouth of the Big Horn River east to the Rosebud/Custer County line. Waterfowl hunting is legal off the river on adjacent land. (See waterfowl regulations)

# OTHER ACCESS OPPORTUNITIES

## **Block Management and Public Lands**

In many cases, enrollment of deeded ground into block management provides access to otherwise inaccessible tracts of state or federal land or blocks together large tracts of public and private land. Each block management area (BMA) has rules unique to that BMA. Recreationists should become familiar with the individual BMA ranch rules **prior** to actually hunting on the BMA. As a general rule, BMA restrictions do not apply to legally-accessible tracts of public land adjacent to, or contained within, the BMA boundaries. However, in some cases, legally-accessible public lands ARE formally enrolled, with BMA restrictions imposed for resource or hunter management reasons. **Contact regional FWP staff to verify rules for accessible public lands associated with BMAs.**

## **Streams and Access**

Some BMAs have streams within their boundaries, so it is important to know and understand Montana's Stream Access Law. Under this statute, rivers and streams capable of recreational use may be used by the public within the **ordinary high water marks**. Although this law gives recreationists the right to pursue water-based activities within the high water marks of rivers and streams, it **does not give recreationists the right to enter private lands bordering those streams or to cross private lands to gain access to streams**. Islands may or may not be public lands. Before hunting on islands, always verify ownership. Check with county offices or FWP regional offices to confirm land ownership.

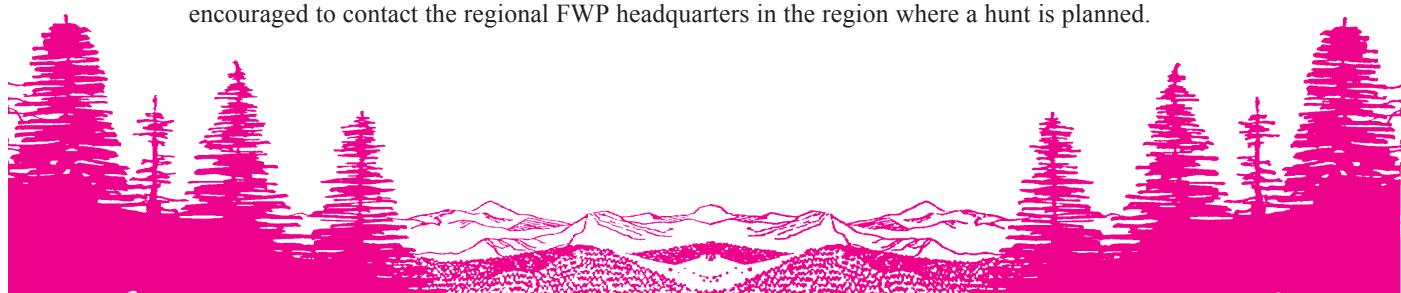

## **Other FWP Hunting Access Opportunities**

In addition to the Block Management Program, other FWP programs may provide hunting access opportunities.

These include:

- 1) Public Land Access Projects - focus on public access to state and federal lands;
- 2) Special Access Projects - regional species-specific projects;
- 3) Habitat Montana - focuses on habitat protection through conservation easement; may also include limited public access provisions;
- 4) Upland Game Bird Habitat and Pheasant Release Program - long-term upland bird habitat projects; statewide listing available September 1;
- 5) Wildlife Management Areas and Fishing Access Sites - FWP-owned lands which may provide public hunting access opportunities;

While these public hunting access opportunities may or may not be managed under the auspices of the Block Management Program, people interested in learning more about specific opportunities are encouraged to contact the regional FWP headquarters in the region where a hunt is planned.

# **ASK FIRST!!!**

**to hunt and fish on private land...**

# Bureau of Land Management Offices

For a current index of recreation maps contact BLM's state office in Billings.

Up-to-date 1:100,000 Surface Minerals Management Quadrangle Maps are also available from the state office for \$4.00 each, as is a current index of these maps. Additional information is available on the BLM website at [www.mt.blm.gov](http://www.mt.blm.gov).

If you want to know more about outdoor recreation in Montana, contact any of these Bureau of Land Management Offices:

To order your Visitor Series Maps, visit the USFS web page at  
<http://www.fs.fed.us/recreation/nationalforeststore>

Maps also can be purchased from any of the individual Forest Service offices listed.

Make your checks payable to "USDA-Forest Service" for amount of purchase only.  
Maps will be sent after payment is made.

Individual maps of existing wilderness and primitive areas are also available for a charge. General information on each wilderness/primitive area is available at no cost and can be sent to you upon request. The Forest Service also has numerous brochures on campgrounds, recreation areas and miscellaneous subjects available free upon request. For more information call (406) 329-3511.

# HUNTERS!

## TELL US WHAT YOU THINK, AND WE'LL PAY THE POSTAGE!

*Please return a completed BMA Harvest Report/Comment Card after each BMA hunt. These cards help us evaluate the BMA from a hunter's perspective. Cards are available from any regional FWP office, and from many BMA cooperators. Completed cards may be returned to any FWP office, or mailed postage-paid to the address indicated.*

	<b>BLOCK MANAGEMENT AREA Harvest Report/Comment Card</b>
BMA Name/Number: _____	Hunt Date: _____
BMA Location: 1 2 3 4 5 6 7 → (Circle one region number)	
1. What game species did you hunt? (circle choice) <i>Elk Deer Antelope Upland bird Other</i> _____	
2. Did you observe this game species? yes / no

# HUNTERS!

**Are YOU an *Endangered Species?***

Noxious weeds  
threaten  
Montana's hunting heritage!!

**WHAT CAN YOU DO?**

- ♦ Learn to identify noxious weeds;
- ♦ Avoid parking, walking or driving in weeds;
- ♦ Wash vehicles before and after hunting trips;
- ♦ Keep clothing, equipment & animals weed-free.
